

JOB DESCRIPTION Senior Product Manager

PayCash Europe S.A. is a young, innovative start-up in the field of mobile/online payment. Our goal is to establish the new standard for payment processes. For the European/worldwide market roll-out, we are looking for creative **Senior Product Manager** who is passionate about building products that customers love.

Responsibilities

- Understand product and process to the fullest extent, have complete overview of all implemented features and their technical processes.
- Gain a deep understanding of customer experience, identify and fill product gaps and generate new ideas that potentially grow market share, improve customer experience and drive growth
- Define configuration specifications and business requirements in writing and keep these updated
- Perform Quality Assurance and define reporting and alerting requirements
- Create buy-in for the product vision both internally and with key external partners
- Translate product strategy into detailed requirements and prototypes
- Scope and prioritize activities based on business and customer impact
- Work closely with engineering teams to deliver with quick time-to-market and optimal resources
- Drive product launches including working with public relations and sales teams, executives, and other product management team members
- Evaluate roll-out plans to ensure that they are consistent with product line strategy and that the message is effectively conveyed
- Act as a product representative to build awareness and understanding

Requirements

- Proven experience as product manager, preferable in the e-money environment
- Proven track record of managing all aspects of a successful product throughout its lifecycle
- Proven ability to develop product strategies and effectively communicate recommendations to executive management
- Solid technical background with understanding and/or hands-on experience in software development and web technologies
- Strong problem solving skills
- Skilled at working effectively with cross functional teams
- Excellent written and verbal communication skills (German and English mandatory)
- Willingness to travel
- MS/BS degree in Computer Science, Engineering or equivalent preferred

Our Offer

- Attractive remuneration package
- Exciting and challenging projects in a highly dynamic market environment
- Workplace characterized by low hierarchy and open communication style
- A team looking forward, to share know-how and gain new insights
