

## We need your help!

**This is your opportunity to change the way you work.**

**Escape your cage and work the way you always dreamed – with us!**

- Join a team that cares about YOUR quality of life.
- Join a team of smart and driven people who love building cool solutions together.
- Join a team that cares about results, not presence in an office – if you deliver regularly and reliably, you can work from wherever and whenever you want.
- Join a team that is honest and transparent. No politics; no bullshit.
- Join our team and help us build the new decentralized cryptofuture.

## Enterprise Development Process Manager
